

General Physics II
Physics 011 - Spring 2020
Instructions for final exam

How will I get the exam? You will download the pdf of your exam. The pdf will be available at the start time for your section of the class.

| | |
|---------------|----------------------|
| 9:15 section | Wednesday 8:00-10:00 |
| 10:30 section | Monday 10:30-12:30 |

What is the url? The urls for your exam will depend on your name (Last, First) and which section you are in.

09:15 section

There is a placeholder exam there now if you want to try it out before the exam time. The actual exam will not be available until the start time.

What you can I use during the exam? You are allowed to use the equation sheet for the class that is posted on the class web page

<http://physics.stmarys-ca.edu/courses/Phys011/20S/inANutshell.pdf>
and a calculator.

How do I turn in my work? There will be an assignment link on Moodle that will allow you to upload images of your work. Upload individual images to Moodle, do not combine the images into a single document.

How long do I have to take the exam? You have 120 minutes to take the exam, plus 15 minutes to scan and upload your work to Moodle. Submissions will be disabled 135 minutes after the start time.

What if I am allowed extra time? Start at the scheduled time for your section and take the extra time you are allowed. For example if you have 1.5 times the normal time take 180 minutes plus 15 minutes to scan and upload.

What if I have a question during the exam? Send me an email (cray@stmarys-ca.edu). I will respond.
